

MINEMA Lab Supplies

Instruction for Completion of an END USE DECLARATION

The item listed below is the subject of supply restrictions in the European Union and the United States. As such, approval must be sought by our principals from their authorities before your order is able to be processed. The supply process, including packing and shipping from our supplier will therefore only commence once the approval is received. This process is usually (exceptions do occur) within 2 or 3 days of correct documentation being submitted.

In order for your order to be processed smoothly and speedily with the minimum of disruption to your process, we ask that you adhere to the instructions below.

- The below Declaration must be copied and pasted, or retyped, onto your **Company Letterhead**.
- If you are purchasing in your private capacity, address the letter as such and include your **Physical Address** and **Identity Number**
- Complete all the **(insert)** fields
- Name, Date, Sign and Stamp the document appropriately at the foot.
- In the “use” field, the description must be a detailed one. Do not insert a generic term such as “For Research”. In such case you will need to detail the type of research being undertaken and the purpose of this reagent in that research.
- If you are on-selling this product, you are obliged to obtain a similar declaration from your customer
- Should your completed EUD not be received within 7 days of us requesting same from you, your order will automatically be cancelled without further notice.

Please contact Marc Hall or Trevor Padayachee should you require further information.
